## Abstract submission

### ISA Student Scholarships

It is the goal of the ISA to encourage participation in the World Congress from future student leaders in Global Audiology. Therefore, the ISA is pleased to offer a maximum of 5 student scholarships valued at \$1,500 (fifteen hundred USD) to allow student leaders to attend the WCA to share their research findings, to meet and network with fellow students and senior colleagues as well as to be actively engaged in furthering research and services in audiology locally and internationally.

To find out more and to submit your scholarship application
